CG 210 Recommended usage

STEP 1

Shake the bottle well before each use to mix the essence.

STEP 2

Spray directly onto the scalp with the cannula.
Apply 5 to 10 sprays onto the entire scalp (wet or dry).

STEP 3

Massage your scalp delicately with fingertips.

STEP 4

Style your hair as usual. Use CG 210 every morning and evening. One bottle lasts one month.

PRECAUTIONS Do not spray on hair, the essence has to reach the scalp.
Do not wash after application.

To maximize CG 210's effect, strictly follow the instructions of use.

4 COMBINED HAIR BENEFITS

1 Hair shedding back to normal level within **44 days**²
In 44 days your hair shedding decreases to a normal level. Your hair cycle starts to normalize.
73% of users reported first results after 28 days.
